I come along ariving in my car,
I saw your friends I know you must be there,
I got the dope I hope you have the dough
I see you on the dance floor and you seem like a God.
I turn around try to look for you
over the speakers there are some girls
halo over she's eyes all the people are
inside the music getting shitty
you don't pass by...

On the floor, your foot is on the floor,
on the floor, my foot is on the floor,
On the floor, the stuff is on the floor,
On the floor, let's do it on the floor.

I don't give a fuck, I'd rather see you dance
Your feet move so fast, the lighth strobe my mind
I'm walking towards you, the sound is megasound
If you don't have the money then I'll try to understand...

On the floor, your foot is on the floor,
on the floor, my foot is on the floor,
On the floor, the stuff is on the floor,
On the floor, let's do it on the floor.

This is the place til morning I will dance,
a love story will begin' at midnigth
arrows crossing the space
the only way I can I will avoid your love.

On the floor, your foot is on the floor,
on the floor, my foot is on the floor,
On the floor, the stuff is on the floor,
On the floor, let's do it on the floor.

This is the way to avoid your love and I will,
Cause I want to really be with you tonigth but no more...
(x3)

On the floor, your foot is on the floor,
on the floor, my foot is on the floor,
On the floor, the stuff is on the floor,

On the floor, let's do it on the floor.
