Tonight the sky's on fire  
It's burning bright  
My soul is flying higher  
Towards the light  
This is a moment to be free  
I've waited all my life to be  
A part of lovers mystery

Etymon!  
Is the word I say to you  
Means I always will be true  
I will love you endlessly  
(For ever and ever)  
Etymon!  
Hear the angels say your name  
And my life is not the same  
Now I know where love comes from  
(For ever and ever)  
Etymon!

Until the twelfth of never  
I wanna be (oh ooh)  
Right by your side forever  
Eternally (eternally) oh  
And though this love has just begun  
I know I'm gonna be the one  
That shines on you like morning sun, woah oh

Etymon!  
Is the word I say to you  
Means I always will be true  
I will love you endlessly  
(For ever and ever)  
Etymon!  
Hear the angels say your name  
And my life is not the same  
Now I know where love comes from  
(For ever and ever)  
Etymon!

(For ever and ever)  
Etymon!

(For ever and ever)

When I try to describe how I feel  
That my love is for real

Etymon!

Is the word I say to you  
Means I always will be true

I will love you endlessly

(For ever and ever)

Etymon!

Hear the angels say your name

And my life is not the same

Now I know where love comes from

(For ever and ever)

Etymon!
