Hold up your head, and don't let your conscience get
you down
Hold up your head darlin', don't let your conscience get
you down
If you never lie to me, I'll always be around
You are the same little woman, was so nice and kind to
me in every way
You are the same little woman, was so nice and kind to
me in every way
But if you never lie to me, I'll be by your side both night
and day
You have a strong constitution, and I'm not gonna let
you down
You have a strong constitution, and I'm not gonna let
you down
And if you never lie to me darlin', I'll always be around
and I won't let you down
Yeah man... (solo)
