(Verse 1)

I see your fears deceive me
I speak the truth, believe me
Tragedy swirls around you
There's no escape, they found you

(Chorus)

It's time to turn and face your fears
It's not that bad at all, it's not that bad at all...
Turn on the searchlight, face them down
It's not that bad at all, it's not that bad at all...

(Verse 2)

See how your love completes me
See how your hate defeats me
Bury your head, avoid me
Rise up in faith to meet me, yeah

(Chorus)

It's time to turn and face your fears
It's not that bad at all, it's not that bad at all...
Turn on the searchlight, face them down
It's not that bad at all, it's not that bad at all...

(Bridge)

One-hundred different kinds of fear
Turning all of my love into hatred
Your fiction makes you nothing
Can't deal with the world so you look at yourself
Worry about yourself...

(Verse 3)

The searchlight of the spirit
It's not too late to hear it...

(Chorus)

It's time to turn and face your fears
It's not that bad at all, it's not that bad at all...
Turn on the searchlight, face them down
It's not that bad at all, it's not that bad at all...

Face it... Face it... Face your fears...
