Born into a world that you'll grow to hate
Fall into the system of the church and state
We all have the best intentions
That we all end up faking
This isn't all that I want
This isn't all that I needed
This isn't all that I want
This isn't all that I needed
Fuck YEAH!
So how are you?
Let me guess you're fine
Keep reality on the inside
We all have a resolution
That we never end up making
This isn't all that I want
This isn't all that I needed
This isn't all that I want
This isn't all that I needed
Fuck YEAH!
Were searching for the innocence
But all the innocence is dead
and All the shit you've been through
I've been through it too
I'm fucked just like you! (x4)
Look into this hole of all this wasted life
It's full of souls over come with strife
and Death was a great solution
That we all end up taking
This isn't all that I want
This isn't all that I needed
This isn't all that I want
This isn't all that I needed
This isn't all that I want
This isn't all that I needed
Fuck YEAH!
Were searching for the innocence
But all the innocence is dead
and All the shit you've been through
I've been through it too
I'm fucked just like you! (x4)
This isn't all that I want

This isn't all that I needed
Fuck YEAH!
Were searching for the innocence
But all the innocence is dead
and All the shit you've been through
I've been through it too
I'm fucked just like you! (x5)
