(Verse 1)

I see you've changed your look again.
You've got a new group of friends.
I almost missed you.
You blend right in. A social chameleon

(Bridge)

Chipping away at your soul, your convictions change
with the wind.
You sell yourself like a whore, as you desperately try to
fit in.

(Chorus x4)

Stand for nothing and you'll fall for anything

(Verse 2)

Desperate watchers look around to see who you'll be
today.
Whenever challenged, you back right down.
Your gray calls have faded away.

(Bridge)

Chipping away at your soul, your convictions change
with the wind.
You sell yourself like a whore, as you desperately try to
fit in.

(Chorus x4)

Stand for nothing and you'll fall for anything.
