I can make the rain stop if I wanna,
Just like my attitude
I can take my laptop record a snapshot
And change your point of view

I just entered this brand new world
And I'm so openhearted
I know I've got a long way to go but I
I'm just getting started

I'm over my head, and I know it, I know it
I'm doing my best not to show it, to show it
Whatever it takes to be what I was meant to be, I'm
going to try
Cause I'm living the dream and I know it, I know it
I'm trying my best not to blow it, to blow it
And I know everything will be fine
With me, myself and time.

I go where life takes me, but some days it makes me
want to change my direction
Sometimes it gets lonely, but I know that it's only a
matter of my perception
I just entered this brand new world
And I'm so openhearted
I know I've got a long way to go but I
I'm just getting started

I'm over my head, and I know it, I know it
I'm doing my best not to show it, to show it
Whatever it takes to be what I was meant to be, I'm
going to try
Cause I'm living the dream and I know it, I know it
I'm trying my best not to blow it, to blow it
And I know everything will be fine
With me, myself and time.

And baby there is nothing like this moment
To just be real and let the truth be spoken
Whatever broke I can make it unbroken
Turn the lead in my hand into something golden
Just try more love, if I try more love then I'll find

Myself and time.

I'm over my head, and I know it, I know it
I'm doing my best not to show it, to show it
Whatever it takes to be what I was meant to be, I'm
going to try

I'm over my head, and I know it, I know it
I'm doing my best not to show it, to show it
Whatever it takes to be what I was meant to be, I'm
going to try
Cause I'm living the dream and I know it, I know it
I'm trying my best not to blow it, to blow it
And I know everything will be fine
With me, myself and time.

I'll find myself in time,
I know I'll find myself in time
