Some say that a drink is just a drink
Some say that a drink will get the pink
I say just drink that fuckin....
Drink

Drinkin' all the drinks
You gotta drink the drinks
I say drink that shit
Drink that shit

You gotta excuse me
I'm drunk as shit
I'll keep drinkin'
Until they gotta stop servin' it
So called drunk fests
Are killing me
Ten buck pitchers
The death is free

Drinkin' all the drinks
You gotta drink the drinks
I say drink that shit
Drink that shit

I'll out drink you
And steal your chicks
I'll keep drinkin'
Until they gotta pump my stomach

Boiler makers
Any takers
Break out the moonshine
Whatever takes less time

Drinkin' all the drinks
You gotta drink the drinks
I say drink that shit
Drink that shit
