A liquor store was hit last evening  
The fugitive was headed south  
They're looking for a red head woman  
With a red bandanna and a gold tooth in her mouth.  
Witnesses say she was laughing when she called the  
man outside.  
On her way out the door with the money from the  
drawer,  
And a gun, she took his life.

(Chorus)

And everybody say, "What is the world coming to,  
Everybody seems to be so cruel,  
The Neighborhood is not the place to feel safe,  
anymore"

There's a guy with a reputation  
And he use to be a friend of mine,  
And he's not a bad guy,  
But he's always high,  
And he's dealing drugs full time.  
People stood around and remembered,  
How we used to play in the streets,  
But now they're crawling with punks  
Peddling their junks and in every school yard  
They will drink

(Chorus)

-----Instrumental-----

Now just around the corner from my house,  
There's a man who hates his life,  
And he likes to shout and take things out  
On his kids and on his wife  
And the neighbors they all resent him  
for the damage that he has done,  
He's got a drug-dealing son  
And a daughter on the run  
But there's more where they came from

(Chorus) x2

fades...
