Oh no Pandora!  
Look what you've done,  
You've unleashed misfortune  
On Everyone

An error in judgement,  
I've borrowed from thieves,  
And repayment is well beyond  
My needs

(Chorus)  
I'm leaving tomorrow to never return  
I have gambled and wagered and lost all I've earned  
If they should find me with my life I'll pay  
So tomorrow I will be far away

A weakness for cards  
And a slave to the dice  
I've been so close to winning  
on too many nights.  
I've tried to tell them my lucks  
bound to change  
But they will not see it my way

(Chorus)

(Bridge)  
I had a life and a job and a home  
I managed to throw it away,  
Nervously watching my back I must go,  
The product come to see,  
I have so.

-----Instrumental-----

Good bye Pandora,  
Don't shed a tear,  
They must find me  
And catch me and  
That may take years,  
I leave you now while there's still hope  
for me and that is how it must be

(Chorus)(x2)

Tomorrow I will be far a way (x2)

The End
