Tonight the sky's on fire  
It's burning bright  
My soul is flying higher  
Towards the light  
This is a moment to be free  
I've waited all my life to be  
A part of lovers mystery

Etymon  
Is the word I say to you  
Means I always will be true  
I will love you endlessly  
(Forever and ever)  
Etymon  
Hear the angels say your name  
And my life is not the same  
Now I know where love comes from  
(Forever and ever)  
Etymon

Until the twelfth of never  
I wanna be  
Right by your side forever  
Eternally  
And though this love has just begun  
I know I'm gonna be the one  
That shines on you like morning sun

Etymon  
Is the word I say to you  
Means I always will be true  
I will love you endlessly  
(Forever and ever)  
Etymon  
Hear the angels say your name  
And my life is not the same  
Now I know where love comes from  
(Forever and ever)

Etymon

When I try to describe how I feel  
That my love is for real

Etymon  
Is the word I say to you  
Means I always will be true  
I will love you endlessly  
(Forever and ever)

Etymon  
Hear the angels say your name  
And my life is not the same  
Now I know where love comes from  
(Forever and ever)
