No matter what

She's a crazy girl
She needs an intervention
She has lost her world
And no one cares to mention

She just needs someone to help her out
She needs someone to say, "hey, what's it all about"
She needs a little bit of love and care
And most of all she needs someone to say

"I will be there for you
No matter what you do
I'll be there for you
No matter what you say
I'll be there today
No matter what you do
I'll be there for you
Yeah, you know it's true"

She's a lonely girl
Who needs some attention.
She needs to find someone
To put in place prevention
She needs a binding that will hold her and not tear
And most of all she needs someone to say

"I will be there for you
No matter what you do
I'll be there for you
No matter what you say
I'll be there today
No matter what you do
I'll be there for you, yeah"

And when I saw her last
She was on her own
Everyone was laughing and dancing
But she was all alone
When I saw her, her eyes were so, so, so tired

And her smile had gone away
She was high on strife and degrading life
That was when I heard them say

She's a frightened girl
Who needs good intention
She's been lost a little too long
Now she needs some direction
She just needs someone to tell her it's okay
Someone who actually cares about her day
She needs a little bit of love and care
And most of all she needs someone to say

"I will be there for you
No matter what you do
What you do
No matter what you say
What you say
No matter what you do
What you do
No matter what you say
What you say
No matter what you do
What you do
No matter what you do
No matter what you do
No matter what you do
Baby you know
I'll be there
For you
No matter what you do
I'll be there for you"
