(written by Sonya Isaacs and Tim Mensy)

I don't regret
One single step
Now that I'm standing here
But I almost gave up
On this road to love
I came through a river of tears

(Chorus)
On my way to you
I dreamed of love like this
Now all that I've been through
I'd go through again
On my way to you

More than just once
I thought I was lost
Trapped in life's valleys and curves
But now looking back
When I trace my tracks
There wasn't one wasted turn

(Repeat Chorus)

Now I wouldn't change my past
'Cause it's where I became who I am

(Repeat Chorus)

I'm stronger for all I've been through
On my way to you
