Your words were shattered glass. Bleeding me with every breath.

Will the rain come and wash this blood away?(3x)

This is the last scenery to fill this loathing hooks.

Another reason why you are a machine(2x)

Your words were shattered glass(8x)

Is a song of redemption

(OH!)

Turning the gears, less speaking angel's way

Is burning us for all, for all we're worth

All the dust, all the humble you've created

Rise a dawn singing

The Song of Redemption(8x)

Your words were shattered glass(8x)

Your words were...

(SHATTERED GLASS. PIERCING MY SOUL. YEAH!!! YOUR

WORDS WERE SHATTERED GLASS PIERCING MY SOUL.
