Up and out  
I never regretted a thing  
Take a glance from the inside  
It isn't what you think  
This is it, this is everything I have  
So between you and me, Give up all fucking  
hope  
I've got the answer, so save your fucking explanation  
This is the last time I'll suffer through your exploitation  
Harvest truth and save it for your revelation  
I've lost all trust and I've finally had the realization  
All my heroes have failed me, and all your  
heroes will fail you  
Give up hope  
Give up all fucking hope  
Give up hope  
Give up all fucking hope  
I don't care and I'm through hearing you justify  
You've given up and I know you've fucking died inside  
We've burned it all and everything it signifies

I've reached my breaking point and I finally realize  
All my heroes have failed me  
And all your heroes will fail you  
All my heroes have failed me  
And all your heroes will fucking fail you  
Fail me,  
Fail you,  
Give up hope,  
Give up hope  
Give up all fucking... Hope  
I'm sick of trying and I'll never put my trust in you  
No more heroes no promise of something new  
It's over now, There's no more damage you  
can do  
You're dead to me, because me and you are finally  
through  
All my heroes have failed me and I have given up hope  
This is the last time I ever place my trust in someone  
else  
And I have given up all fucking hope
