Someone crank this shit and turn this room into a circle  
pit

Go grab a beer and take a hit to quell your fear  
Tonight is gonna be as much fun as we make it  
The party just started, oh shit, I'm already naked

This could be the best night of my life  
Let's get another case and stay up all fucking night

Empty cans on the floor  
Someone's head comes crashing through the door  
This party's really getting out of control  
The insides of the fridge are nailed to the wall  
No shit, that dude who lives here looks fucking pissed

Pain is all my head will feel when I wake up  
I don't care, so pour me out another fucking cup

This could be the best night of my life  
Let's get another case and stay up all fucking night

Listen up, every single one of you gents listen up  
This party is out of fucking control  
My mom is gonna kill me when she gets home  
Are you serious? What the fuck?

Someone threw a brick into my TV  
It wasn't us, we were all outside smoking trees  
Where's my phone? I'm gonna call the fucking cops  
Aw, fuck it, I'm way too drunk, so let's all do another  
shot

Let's all violate what I feel when I wake up  
Watch your dress, somebody [Incomprehensible] the  
fucking cop

The night is ending 'cause the sun is comin' up  
Does anyone have a lighter to spark up these blunts?  
The party was totally insane, I'm gonna pass out in the  
van  
Tomorrow let's do it again

This could be the best night of my life  
Let's get another case and stay up all fucking night  
This is the best night of my life  
This is the best night of my life
