The hands of time are frozen
in this moment

I can't spit it out for fear has overtaken my voice

Waiting seems impossible different stages

Waiting seems predictable different ideas

It is I that will have to live with this

I, Betrayer of Hearts

I, Servant of Sorrow

It is I that will have to live with this

I, Betrayer of Hearts

I, Servant of Sorrow

Hear I am the worthless king
Join my legions
of heartless

Here I am the worthless king
Join my legions
of heartless

Here I am the worthless king
Join my legions
of heartless

Here I am the worthless king
Join my legions
of useless

Wandering the great depths

Searching the canyons for truth

Discovering every darkness

Bringing its ugliness into new light

It's come down to this
All or nothing

Our Choice
Decide

Decide our suffering

It is I that will have to live with this

I, Betrayer of Hearts

I, Servant of Sorrow

It is I that will have to live with this

Live with this

I, Betrayer of Hearts

I, Servant of Sorrow

I, Betrayer of Hearts

I, Servant of Sorrow
