Cold hands feed us death
 While war breeds in every breath
 It seems like we have nothing left and our ways are set
 The sacrifices we endure
 Perfection we pursue
 Darkness, nothing pouring through
 Like Harkonen vision
 All will fall before us and all will be made to
 suffer
 Born! Screams! Confusion!
 Pain!
 Born! Screams! Confusion!
 Pain! Insanity
 All will fall before us and all will be made to
 suffer
 Born! Screams! Confusion!
 Pain! Insanity
 Reborn into this fleshen form
 Forced through the portal of the womb
 Fear is the mind killer
 I'll face my fear and allow it to pass through me
 Fear is the mind killer
 I'll face my fear and allow it to pass through me
 Cold hands feed us death
 While war breeds in every breath
 It seems like we have nothing left and our ways are set
 All will fall before us and all will be made to
 suffer

 All will fall before us and all will be made to
 suffer
 A vision of light
 A survivor of death
 A vision of light
 A survivor of
 Death! Screams! Confusion!
 Pain! Insanity
 Death! Screams! Confusion!
 Pain! Insanity
 Return to the source where it all began
 I can't make any sense of it
 Not in the way you demand!

Fear is the mind killer
I'll face my fear and allow it to pass through
me
Fear is the mind killer
I'll face my fear and allow it to pass through
me
It is by will alone
I set my mind in motion
It is by will alone
I set my mind in motion
A vision of light
A survivor of death
From far away not everything is perfect
From far away not everything is perfect
From far away not everything is perfect
From far away not everything is perfect
