Sophie cannot finish her dinner
She says she has eaten enough
Sophie's trying to make her self thinner
Since she has eaten too much
And her brother say's you're joking
And her mother's heart is broken
Sophie has her hard time coping
And besides Sophie's hoping

She can be like all the other girls
Be just like all the other girls
Living in an ordinary world
Just to fit in, in the ordinary world
Just to fit in, like an ordinary girl

Sophie losing weight by the minute
How did things get this bad?
Sophie's family they don't understand it
They gave her all that they had

And her sister won't stop crying
Cause her father say's she's dying
Sophie say's she is really trying
The problem is Sophie's lying

She can be like all the other girls
Be just like all the other girls
Living in the ordinary world
Just to fit in, to the ordinary world
Just to fit in, like an ordinary girl

How did she get this way
How did she get this way
She's trying to hide it
What does it takes to say
What does it takes to say

She's dying
Sophie's dying
To be like all the other girls
Be just like all the other girls

Living in the ordinary world
Just to fit to the ordinary world
Just to fit in,
And be like all the other girls
Be just like the all the other girls
Living in a ordinary world
Just to fit in, to the ordinary world
Just to fit in, like an ordinary girl
