Tell me why
Tell me why

Think of me when you're far away
I'll love you night and day
All my fears coming without fears
I'm not a fool to say

Now it's time for you and me
Can you feel my love
You call my name, I do the same
Look into my eyes and realize
All is for you, my love is true

Tell me why I can't stay
Waiting for you just another day
Do you know, do you mind
'Cause my dreams will never fade away

Don't give up, gonna hold you tight
I will be close to you
Think about all those summer nights
So what else can I do

Tell me why
Do you know

Tell me why
Tell me why
