I'm in a dream that feels so real  
I'm under a spell with the way you make me feel  
Everything I thought I am  
Disappears when I see you  
I think I'm falling in love  
Am I out of mind  
I've got it under control this time  
It's too late don't let me go  
Cause I know I'll have to say goodbye

Is this when we say goodbye  
Is this when we end everything  
They say our love was just a lie  
We're left with nothing  
This moment we'll part forever  
I can't leave you but I'll have to try  
A bittersweet goodbye

Chasing a love that was forbidden  
A guilty pleasure I'd want again  
Secretly we'd be together  
All I need is one glimpse of you  
I think I'm losing this fight  
Now you're gone who am I  
I can't control it this time  
It's too late don't let me go  
Cause I know I'll have to say goodbye

Is this when we say goodbye  
Is this when we end everything  
They say our love was just a lie  
We're left with nothing  
This moment we'll part forever  
I can't leave you but I'll have to try  
A bittersweet goodbye

All I have to do is bite into that apple  
Take one bite  
Take one bite  
This is forbidden love  
I'm losing this fight

Is this when we say goodbye  
Is this when we end everything  
They say our love was just a lie  
We're left with nothing  
This moment we'll part forever  
I can't leave you but I'll have to try  
A bittersweet goodbye

Is this when we say goodbye  
Is this when we end everything  
They say our love was just a lie  
We're left with nothing  
This moment we'll part forever  
I can't leave you but I'll have to try  
A bittersweet goodbye
