Verse 1

Just you and me all alone
What to do to pass the time
I can think of something we can do
Tell me what's on your mind
Don't look back
Let's take a chance together tonight
Just you and I
Don't look back
We can dance forever tonight, tonight

Chorus

The look in you eyes drives me wild
You fuel the fire in my heart
The fire in my heart
Feel the rush when we touch
You fuel the fire in my heart
The fire in my heart
So convince me that I'm all yours
Take me away to a place like never before
The look in you eyes drives me wild
You fuel the fire in my heart
The fire in my heart

Verse 2

Nothing compares to the way I feel
When you make my heart race
I go weak I just can't sleep
Never grow out of this phase
Don't look back
Let's take a chance together tonight
Just you and I
Don't look back
We can dance forever tonight, tonight

Chorus

Bridge

I just can't help myself
It's like fire when you're around
Baby I feel the heat

Tonight it's just you and me

Chorus
