All the memories we shared together
I can't help having feelings for another don't know
Don't know what to do
People say we're good together
I'll take my chances cause I think
I'm falling for him
I'm in too deep I can't let go
I don't know who you say you are
But you've got something I really want

I'm torn, torn between two
I can't get you out of mind
I love you but I want you
You give me that feeling inside
I'm torn, torn between two
And it's all because of you
I love you but I want you
I'm going to Kiss and Tell

Thought I knew what I wanted
Then you came along and I saw you
what happened, what happened to me
He might know there's something going on
I can't help the way I feel
But this has been going on too long
I don't know who you say you are
But you've got something I really want

I'm torn, torn between two
I can't get you out of mind
I love you but I want you
You give me that feeling inside
I'm torn, torn between two
And it's all because of you
I love you but I want you
I'm going to Kiss and Tell

When I see you I don't feel
So happy when I'm with him
I keep on wondering what it
Be like in your world
When I see you I don't feel

So happy when I'm with him
I don't know what to do
Cause I' so in love with you

I'm torn, torn between two
I can't get you out of mind
I love you but I want you
You give me that feeling inside
I'm torn, torn between two
And it's all because of you
I love you but I want you
I'm torn, torn between two
I can't get you out of mind
I love you but I want you
I'm going to Kiss and Tell
