How can I deny the feeling?  
Can't use the fuse that lights the spark  
Don't think I'll hold out too much longer

The lines are blurred in the dividing  
I deserve light, I desire dark  
Your influence is getting stronger

Define by mind, my body is too curious  
So won't you show me all there is to know?

I know I shouldn't call  
But something makes me crave the heat  
Your love is bittersweet  
(So here I am)

The fire in your touch  
I always find so hard to beat  
Your love is bittersweet  
(So here I am)

No substitute for real pleasure  
You feed the need that lies in me  
I've lost all sense to this devotion  
One touch and there's a rush of electricity  
So won't you show me all there is to know?

I know I shouldn't call  
But something makes me crave the heat  
Your love is bittersweet  
(So here I am)

The fire in your touch  
I always find so hard to beat  
Your love is bittersweet  
(So here I am)

Your love is bittersweet, bittersweet  
[Incomprehensible]  
Your love is [Incomprehensible]  
(So here I am)

Your love is bittersweet, bittersweet  
[Incomprehensible]  
Anytime you call my name

I know I shouldn't call  
But something makes me crave the heat  
Your love is bittersweet  
(So here I am)

The fire in your touch  
I always find so hard to beat  
Your love is bittersweet  
(So here I am)
