Pick up your paintbrush baby (ah oh ah oh)
You've got some work to do (ah oh ah oh)
My monochrome needs changing
So why don't you come on and pick a hue?
I'll go rainbow just for you (for you for you)
Who said that love is blind
You've opened up my eyes

(wooo) technicolour, (wooo) come on lover
(wooo) and we'll discover that we are the new black

You colour me in, let the loving begin
Wish we got that spot
Oh my heart is alive, and the world is so bright
I can light the dark
Do you know you colour me in
You colour me in

Now i have vivid dreams
You've drugged my fanatasies (ah oh ah oh)
What once was grey is scarlet, blue,
Yellow, orange, silver, green,
And pink and gold and turquoise too (ah oh ah oh)
With every move you show
This butterfly can grow

(wooo) technicolour, (wooo) come on lover

(wooo) and we'll discover that we are the new black

You colour me in, let the loving begin
Wish we got that spot
Oh my heart is alive, and the world is so bright
I can light the dark
Do you know you colour me in
You colour me in

Who said that love is blind
You've opened up my eyes
With every move you show
This butterfly can grow

(wooo) technicolour, (wooo) come on lover
(wooo) and we'll discover that we are the new black

You colour me in, let the loving begin
Wish we got that spot
Oh my heart is alive, and the world is so bright
I can light the dark
Do you know you colour me in
You colour me in
