Here's what I heard on the song
Do you
Still see me the way that you used to
Remember the streets that we ran through
The corners that held our embrace

The feeling was right
We were young and we lived for the night
All around us the city was out
Can we still find that place?

Can I forget
Is it all in my head
I can't be sure anymore
Was something lost
In the moments we share
Why do I wish we were there

(guitarring)

Did I
Did we?
Give up our love easily
Did I
Did we?
We'll never know cos you left it all upto me

Sometimes
You don't have the answers you're just right
To do what is right
But did i, why do these questions remain

Still so fresh in my mind
The last time where we said our goodbye
We'd no choice, oh we just has to try
And get over the pain

Cos we had our journey
The rush and the ride
Life carried on all the same
Now who's to say
We were wrong, we were right

I'd do it all over again

Did I

Did we?

Give up our love easily

Did I

Did we?

We'll never know cos you left it all upto me
