Hold me down, so I don't leap onto the wall
With the fever of it all that would encourage mayhem
They're quite a rowdy crowd, do you think?
And I'm going to the peak of something

Lovely feeling, slippy breathing
Tell me how to break the news?
There's no way that I can lose my love
And it's taken over me

I feel as if this love could last forever
As if my luck and hope have found each other
I feel as if I should have known together
We make good sense to me and I believe

Who just said, "Some girls don't get a second chance"
When I've toyed, and I've romanced
I'm on the edge of something inner soothing, man
approving
Tell me how to take the news?

There's no way that I can lose my love
And it's taken over me

I feel as if this love could last forever
As if my luck and hope have found each other
I feel as if I should have known together
We make good sense to me and I believe

Tat, ta, ta, ta, ta, ta, ta, ta
Tat, ta, ta, ta, ta, ta, ta, ta
Tat, ta, ta, ta, ta, ta, ta, ta
Tat, ta, ta, ta, ta, ta, ta, ta

I feel as if this love could last forever
As if my luck and hope have found each other
I feel as if I should have known together
We make good sense to me and I believe

I feel as if this love could last forever
As if my luck and hope have found each other
I feel as if I should have known together

We make good sense to me and I believe
We make good sense to me and I believe
We make good sense to me and I believe
I believe, I believe, I believe
