I'm onto you
I'm onto you
I'm onto you

It's just a waste of time
Why don't you get it, get it
You keep feeding me lines
It's path-pathetic
I've seen it all before
No fooling me, no more.

Trying so hard
I wish that you leave it, leave it
The boy inside the man
Yes, I see it, see it
I wish that you realize
I like it more like that.

I think that you love me
So what you can you just be, be yourself
Cause that would really help.

I know your tricks
And I'm onto you
Make it my business
So don't put the wool over my eyes
I can see right through your disguise.

I'm onto you
I'm onto you
I'm onto you
I'm onto you
I'm onto you

You want to take my time
OK take it, take it
Give you another try
Not to fake it, fake it
Guess I can see right through, oh oh!
You really delve me to.

I know your tricks
And I'm onto you
Make it my business
So don't put the wool over my eyes
I can see right through your disguise.
I'm onto you.

I know your games
Yes, I'm onto you
Can't get away if you wanted to
Try it and fool me now
You're gonna find you don't know how.

Where did he go?
Where did he go?
I wanna know
I wanna know.

I know your tricks
And I'm onto you
Make it my business
So don't put the wool over my eyes
I can see right through your disguise
I'm onto you.

I know your games
Yes, I'm onto you
Can't get away if you wanted to
Try it and fool me now
You're gonna find you don't know how.

What you think
What you say
What you try
I'm onto you.

In your head
In your voice
In your eyes
I'm onto you.

Oh uh oh, oh uh ah
Oh uh oh, oh uh ah
Oh uh oh, oh uh ah
