I'll play the fool, to you straight man
You play it cool, you say you understand
Say that again and try to mean it my friend
You see the world, from your deck chair
Your head in sand, but what do you care
Champagne will flow and with it you go

Its too late, tonight
To start trying to solve the problems
I'm too tired, to inspire
How can one voice ever sound like a choir

I ask all this of my own reflection
Pray to god that I'm not a victim
What are we fighting for?
Love is the law
Everyone wants to see tomorrow
Make a change and the rest will follow
What are we fighting for?
Love is the law

I hear the words, I hear the cliché

Because its true, don't make it easy
I want the best and I won't settle for less
So here I stand, I hope you find me
I see a crowd, they're all behind me
Don't get too close, I'll hurt you the most

I warned you on my side
Strength arms in high and numbers
I need you, to conspire
Burning our fingers but fanning the fire

I ask all this of my own reflection
Pray to god that I'm not a victim
What are we fighting for?
Love is the law
Everyone wants to see tomorrow
Make a change and the rest will follow
What are we fighting for?
Love is the law
