The summer's I dance till morning

The heartache and sleepless nights

The party's and lover's calling

Days when nothing went right

These moments have made me

Though I am today...

Chorus:

All of my yesterdays

The highs and lows of

but I can still Move to the Music

the journey that I've made, all those emotions

but I can still move while the music plays

within a new today

now that I've grown up to

oh I can still move to the music

I won't be one to say that I regret a moment

'cos I can still move while the music plays

A cross word, a bruise, a memory

Some presence and too much wine

The days when it rained and thundered

When your heart found mine

These moments have made me

Though I am today...

Chorus

Move to the music (x 6)
