Hey, what's your name?  
Been watching you  
I noticed too  
That you, you look the same  
I'd to see you look again

So let's just take it easy  
Progressing through the dance  
Our words can set the tempo  
My heart is beating fast  
I need to hold it steady  
Because you raise the bar  
I feel intoxicated  
Show me who you are

**CHORUS**

Friday brought you to me (woo-woo)  
Friday, finest day of the week (woo-woo)  
Oh it's a good day when love comes around (woo-woo)  
Hey Mr. Friday, baby  
Don't leave town (woo-woo)

Boy, when you speak  
I feel my heart skip a beat  
Oh, what a night  
It's quite a ride so hold on tight

I introduce the notion  
I want to make you mine  
I like your loving potion  
Drink it down like wine  
So now I'm feeling heady  
My thoughts are crystal clear  
The world is full of wonder  
When you are near

Repeat CHORUS

**CHORUS 2**

Oh, the one day blues have to go (woo-woo)  
Because Friday came and stole the show (woo-woo)

Hey Mr. Friday, what do you say? (woo-woo)  
We watch Friday, baby  
Turn into Saturday (woo-woo)

Through the night to the sunrise  
Every moment I'm with you I'm so alive  
When we wake to a new day  
I will just be waiting till next Friday

Friday baby (woo-woo)  
Friday baby (woo-woo)  
Friday baby (woo-woo)  
Friday baby (woo-woo)

Repeat CHORUS & CHORUS 2
