Can you read what I think of you?  
I feel like you could turn my pages  
Don't judge this book by her cover boy  
I want to draw this out for ages

It's coming to midnight, darling  
So what are we gonna do?  
Don't you feel like we're missing something?  
Baby let go

**CHORUS**

Pop wow! Here I am  
Oh you turn me on  
How 'bout I dress it up?  
Put my high heels on, oh  
Pop wow! You and me  
Aren't we just the bomb?  
Plug me in and charge me up  
Let's make electric

I feel sparks when I'm next to you  
Though I'm try not to react  
Lightning strikes more than once tonight  
With every bit of visual content

I'm not in a hurry, darling  
To make you my very own  
Whatever will be will happen  
I'm out of control

Repeat CHORUS 2 times

If I have my way  
We'll light up the dark  
So what do you say?  
I can see in your eyes that tonight is fine  
Leave earth behind coz I hear you say

You say pop wow (oh)  
You say pop wow (oh)

Repeat CHORUS 2 times
