Supersonic from the Earth to the sun now  
Flash from your atomic gun wow  
Hang a right at the next Zodiac sign  
Your kiss mine

Our love is radiating  
Chill out, it's worth the waiting  
You've got me spinning like a satellite

I'm in orbit, we're in heaven  
Countdown is a quarter to seven  
Faster than the stars shooting by

*[Bridge:]*

Venus collides with Mars  
Romance written in the stars

*[Chorus:]*

Supersonic from the Earth to the sun now  
Flash from your atomic gun now  
Hang a right at the next Zodiac sign  
Your kiss is mine  
Kiss so divine  
My supersonic baby  
Your kiss is mine  
Kiss so divine  
My supersonic lover, baby

Supersonic, I'm at the controls now  
The course I take is gonna be bold  
I've got you covered, covered like lotion  
We move together, perpetual motion

All the planets are in alignment  
Venus rising, that's the assignment  
The love phase is emerging  
Signs show harmonic converging

*[Bridge]*

*[Chorus]*

Zoom baby your signal is clearer  
Flashing lights are getting nearer  
10, 9, 8, 7, 6, 5, 4, 3, 2, 1 !

Supersonic from the edge of the sun now  
Flash Â– from your atomic gun now  
And arrive at the next Zodiac sing  
And arrive at the next Zodiac sing  
Supersonic from the edge of the sun  
My supersonic baby  
Flash Â– from your atomic gun  
My supersonic baby  
Your kiss is mine  
Kiss so divine  
My supersonic baby  
Your kiss is mine  
Kiss so divine  
My supersonic lover baby
