You've got me hooked with just a touch
C'mon and notice it's all too much
I give an inch, come take your mile
It's time for progress, not for denial
Maybe I'm fooling myself over you
Oh, I can't help it
Now there's no point in us playing it cool
No, I thought you felt it

'cos I'm giving you the signs
Can't you work it out?
I'm going out my mind
C'mon work it out!

I'm not afraid to set it straight
I wanna show you and I can't wait
Your hold on me, its plain to see
This spell I'm under won't let me free
I could be fooling myself over you
Oh it can't be healthy
Now there's no point in us playing it cool
No, I gotta know where this is leading me

'cos I'm giving you the signs
Can't you work it out?
I'm going out my mind
C'mon work it out!

I want you here with me, I can't take it anymore
It's just so plain to see but somehow you ignore
I'm giving you the signs to love
Why don't you read them?
I'm giving you a try at us
Why don't you see it?
I'm giving you a time to stand up
So come and do it!
I'm giving you a chance to be loved
Why don't you use it?

'cos I'm giving you the signs
Can't you work it out?

I'm going out my mind
C'mon work it out

Either you're with me, or you're not
Either we got it, or we stop.
