It's not easy being green
Having to spend each day the color of the leaves
When I think it may be nicer being red, or yellow or
gold
Or something much more colorful like that

It's not that easy being green
It seems you blend in with so many other ordinary
things
And people tend to pass you over 'cause you're
Not standing out like flashy sparkles on the water
Or stars in the sky

Green is the color of Spring
Green can be cool and friendly-like
And green can be big like an ocean, important
Like a mountain, tall like a tree

But if green is all there is to be
It may make you wonder why, why wonder why
Wonder, I am green and that'll do fine, it's beautiful
And it's what I want to be

Green is the color of Spring
Green can be cool and friendly-like
And green can be big like an ocean, important
Like a mountain, tall like like a tree

But if green is all there is to be
It may make you wonder why, why wonder why
Wonder, I am green and that'll do fine, it's beautiful
And it's what I want to be
