Two blood red plums
One for me one for you
A waxing moon
A frangipani and a white white rose
And anything can change
Anything at all
Anything can change
Anicca
And you can sit anywhere you like darling
You don't need so much shelter
And there's always the warm sun
And the street lights for writing
And anything can change
Anything anything at all
Anything can change
Anicca
And it's all the same
This flesh this flesh and these stars
And it seems a little crazy
We're full of these scars
And it's all the same
This flesh this flesh and these stars
And it seems a little crazy
We're full of these scars
When anything can change
Anything anything at all
Anything can change
Anicca, Anicca
And anything can change
Anything anything at all
Anything can change
Anicca
Anything can change
Anything anything at all
Anything can change
Anicca
Anything can change
Anything anything at all
Anything can change
Anicca
And these long walks in the evening
Discovering at all

And these long walks in the evening
Discovering at all
Where anything can happen
Anything, anything at all
Anything can change
Anicca
When anythin can change
Anything, anything at all
Anything can change
Anicca
Anythin can change
Anything, anything at all
Anything can happen
Anicca
