

Dead To Me

"Family Of Sodom"

Bestiality committed By their Mother
Pillaged, Raped By their father
Born and Raised for Sexuality
Incest within - is Reality
A Son Not Wanted to carry His Name
Only Daughters - to impound His Shame
Males were killed off at Birth
Females used for what they're worth
Flesh Begins to Break
A child I Sodomize And Rape
My Pleasures I Hide
From the world outside

Writhing in Pain Family of Sodom

Fucking my Daughters is Really Nice
I Don't even have to Pay A Price
They're too young too: be pregnant this Month
I love to Fuck their Premature cunts

Sickened and Derranged - Pray to Lunacy
Desecrated Minds - Obliterated and Diseased
My Knowledge is Strange
My feelings I can not Supress
The Solution is Death
Their bodies I Kill and ingest
