"Dirty Game"

There I stand, a servant of your needs
A guardian of love or am I sick
Kissing, smelling, eating a holy flesh
This boring love will die

I will obey, you made the rules, I will obey
I will obey to your love

Honey, play your dirty game, but you'll lose again
Foolish girl, play your dirty game, you'll become my
slave

Your bowels I eat, lustful is my act
A guardian of love or am I sick
Fucking, smelling, drinking my lover's flesh
An unholy love will end

Dirty game without end
Life's the game, dirty game without end

It's love, ha, ha, ha!...
Lick my boots, you miserable worm!
