I see myself flying through air
To dark clouds I walk but still I do not
The walls are bleeding
I'm scared my love

The floor is crying, water goes through me
Help me my love, visions I see but still I may not
Seconds seems like days
But still I remain

And still I love
Again the lust remains
I'm getting closer
Infinity I'll become

I am getting closer
I'll dream 'till dawn I see
I'm getting closer
To you my love

Please help me love find the place
I see the windows, the stars are mine but still they are
not
All spheres are mine for you (my love)
I'll travel to rescue

And still I walk
Still I love
For you my lust
I'm getting closer

I'm getting closer
I think I'm gonna cry
I see me coming
I'll always remain

For you my love and still you're not
For you my love

I love myself
