I had a pony, her name was Lucifer
How much longer? How much longer?
I had a pony, her name was Lucifer
How much, how much, how much longer?

She broke her leg and needed shooting
I swear it hurt me more than it hurt her

Sometimes I wonder what's going on with Miss X
How much longer? How much longer?
Sometimes I wonder what's going on with Miss X
How much, how much, how much longer?

She's got such a sweet disposition
I never know what the girl's gonna do to me next

How much, how much?
How much, how much?
How much, how much?
How much, how much?

How much, how much?
(Everybody say you're usin' voodoo)
How much, how much?
(Your feet walk by themselves)
How much, how much?
How much, how much?

How much, how much?
(Everybody say you're usin' voodoo)
How much, how much?
(I seen your feet walk by themselves)
How much, how much, how much longer?

Oh baby, that God you are prayin' to
Is gonna give you back what you wishin' to someone
else

Come over here pony, I wanna climb up one time on
you
Come over here pony, I wanna climb up one time on
you

Come over here pony, I wanna climb up one time on
you
Oh, you're so nasty and you're so bad, I say I love you
and I do

How much, how much?
How much, how much?
How much, how much?
How much, how much?

How much, how much?
How much, how much?
How much, how much?
How much, how much?

How much, how much?
How much, how much?
