Visit "[Will There Be Enough Water?](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Will there be enough water when my ship comes in?  
Water when my ship comes in  
Will there be water when my ship comes in?

And when I set sail will there be enough wind?  
And when I set sail will there be enough wind?  
When I set sail will there be enough wind?  
Cool water, oh cool wind

Just because you caught me does that make it a sin?  
Yeah, just because you caught me does that make it a  
sin?  
Cool water, yeah and a cool wind

Be enough water when my ship comes in  
Be enough water when my ship comes in  
Oh, when I set sail will there be enough wind? Yeah  
Oh, cool water, yeah and a cool wind

Just because you caught me does it make it a sin?  
Just because you caught me does that make it a sin?
