Riding through a trail of suffering  
Fog blinds any sight beyond me  
A demon from a distant past will soon arrive

Your demise is soon to come  
My return will strengthen us  
Ever since birth you ruled over me  
Forcing the eyes sown shut, now I see  
Cursed. You are truly cursed.  
Cursed. Wretched, vile, cursed.

Loneliness, it claimed me first  
Dwelling in this world of hurt  
Ever since birth you ruled over me  
Forcing my mind to rot, now I see  
Cursed. You are truly cursed  
Cursed. Wasted, dying, cursed.

During battle I was tested by fire  
And refined by the winds of torture  
Tonight we strike against the shadows  
Against the ones who appear in the night

Run and Hide. Run and Hide

Upon the mountains they stood  
A seething fury possessing their insides  
Tonight we prove the throne belongs to us  
We are to witness the end of your reign

Plagues before and plagues today  
Sickened bodies in dismay  
From the warning signs of sin  
They will choose to turn away  
As they cower, run, and hide  
From this curse that breeds inside  
It will tear them into shreds  
Unclean Spirits. Unclean Spirits. Unclean Spirits

Your demise is soon to come  
My return has brought you fear  
Ever since birth you ruled over me

Forcing the eyes sown shut, now I see  
Cursed. You are truly cursed.  
Cursed. Satan you are cursed.  
Cursed Fires!

Riding through a trail of suffering  
Fog blinds any sight beyond me  
A demon from a distant past will soon arrive to take  
you

Cursed Fires....burn the refuse
