Records on the wall will melt and fall.
I deserve it all. Could I ever fall?
Ride it to the end. On another bend.
Take another friend. Could it bring an end?
Amino cut in dream. Could it bend the seam?
Ride it through the mean. On another dream.
Feed it to the sea. Could it ever be?
Turn the rusty key. Eat a soul for free.

We are more than just two minds.
Down within the addict mines.
Could you save me just in time.
Could you kill me on the vine.

(Poem/talking part)

8 hours left to go. The carpet starts to creep accross
my feet. The clock is running slower and slower till time
no longer exists. I look into the faces on the wall cold
and watching, and I ask... can I ever be the same again.
Will I ever be the same again. CAN I EVER BE THE SAME
AGAIN!

We are more than just two minds.
Down within the addict mines.
Could you save me just in time.
Could you kill me on the vine.

Well could you save me just in time.

Down within the addict mines.
We are more than just two minds
Down within the addict mines.
