I feel crazy, about you baby
Can't explain what I feel
But what I feel is so real
Your love's inspiring
It's got me desiring
So turn on the blue light
It's midnight and you feel nice

Your love (give me just a little)
Your love (just a little of)
Your love (gimme just a little)

It's summertime and were doin fine
Take my hand across yo thigh
Taste of your tongue sparks my appetite
Girl I feel high just to be inside

Take your time I will take u there
Keep your mind on it as you stare
In my eyes I won't go nowhere
I wish this time could be forever

Oh baby girl
You are my world
Oh baby girl
You are my world

Your love (give me just a little)
Your love (just a little of)
Your love (gimme just a little)
