This little girl of mine  
She's as cold as ice  
I asked her did she love me?  
She told me, no dice

How can I make her love me?  
How can I make her mine?

This little girl of mine  
Treats me like her brother  
Can't that little girl see  
I want to be her lover

I try to make her love me  
With everything that I know how

Mission impossible  
Mission impossible  
Mission impossible  
She just can't be loved  
She just can't be loved

This little girl of mine  
She's like a statue in the park  
Sometimes I wonder  
If that little girl's got a heart

How can I make her love me?  
How can I make her mine?

Never see an answer  
To this mystery  
But I know it's gonna take  
A better man than me

I try to make her love me  
With everything that I know how

Mission impossible  
Mission impossible  
Mission impossible  
She just can't be loved

{ Repeat and fade out }
