I know what i should be: serious and 33,
and never one day happy in my life
But if I annoy you, (please forgive me)
I never tried to (please believe me)
But the things that you say
Take 'em away, they won't phase me anyway
I don't know why it is, but I aim to please
And if it'll help, I'll crawl to you on my knees
I'll do everything for you everyday
Maybe then you could see things my way
I can't stand it, you are the only one to call me (back)
Before I have a chance to run you hold me (back)
When everybody else is gone, you tear me (down)
Don't leave me alone
Attack me with nonsense
Accuse me of some great offense
When all I've done is all the things you said
You make me feel uptight
What I do is nothing right
But everything looks better in my head
Can't change what I do (I'd just be lying)
Can't seem to please you (I keep on trying)
To change your mind
i'm wrong if I'm right, it's just a waste of time.
I don't know why it is, but I aim to please
And if it'll help, I'll crawl to you on my knees
I'll do everything for you everyday
Maybe then you could see things my way
I can't stand it, you are the only one that calls me
(back)
Before I have a chance to run you hold me (back)
When everybody else is gone, you tear me (down)
Don't leave me alone
You love to criticise but I feel alright
And you're old and dying.
You might be like me, but I'm so confused
And you've given up trying
And if you raise your voice you might break through
And I can be like they are
But they waste their breath on the government
They're so arrogant
I don't know why it is, but I aim to please

And if it'll help, I'll crawl to you on my knees
Do everything for you everyday
Maybe then you could see things my way
I can't stand it, you are the only one to call me (back)
Before I have a chance to run you hold me (back)
When everybody else is gone you tear me (down)
Don't leave me alone
I don't know what it is but I aim to please
And if it'll help, I'll crawl to you on my knees
Do everything for you everyday
Maybe then you could see things my way
I can't stand it, you are the only one to call me (back)
Before I have a chance to run you hold me (back)
When everybody else is gone you tear me (down)
Don't leave me alone
I can't stand it, you are the only one to call me (back)
Before I have a chance to run you hold me (back)
When everybody else is gone you tear me (down)
Don't leave me alone
