Well I don't want no Jesus freak to tell me what it's all  
about  
No black magician telling me to cut my soul out  
Don't believe in violence, I don't even believe in your  
peace  
I've opened the door now; my mind has been released

Well I don't want no preacher telling me about the god  
in the sky  
No I don't want no one to tell me where I'm gonna go  
when I die  
I wanna live my life; I don't want people telling me what  
to do  
I just believe in myself, 'cause no one else is true

Every day just comes and goes  
Life is one big overdose  
People try to ruinate  
I can see through their frustration

People hiding their real face  
Keep on running their rat race  
The ante is risen once a week  
In their world of make-believe

So believe what I tell you, it's the only way to fight in the  
end  
Just believe in yourself, you know you really shouldn't  
have to pretend  
Don't let those empty people try and interfere with your  
mind  
Just live your life and leave them all behind
