Yeah, you know who it is nigga  
The motherfucking king  
I go so hard on this shit man, swear to god  
Young nigga, sodmg nigga, root of all  
Y'already know what it is, hey

God damn another park off, by the pool off  
With the top off, niggas talking shit, got locked up  
But god damn, I go off  
Little dre, I'ma straight bull, I'm off the chain like a  
pitbull  
I'm pulling up like rata tata,  
Fuck nigga, you don't want ammo  
Free my niggas L and... that's in the summer  
South side that Atlanta and south side that New York  
I smoke on them swisher sweets like new shits is New  
Ports  
I'm pulling on on 24, and murder time I'm busting at  
you  
And 23 go bad man, that callie, you flat line

[Hook] x 2

Welcome into a Soulja world, all young gangstas here  
In my hood I was taught to show no fear  
Loyalty and respect that's all I know  
And I swear to god me and my niggas gonna blow

And when we sitting eating dinner and eating steak  
I just want you nigga to know  
I'm here to fucking stay  
And I'ma keep it g to my niggas from the start  
And I put that on my sickness from my fucking heart

That nigga don't want gunplay  
I set them off on Monday  
It's gonna go like one way  
And that shit is my way  
I said I'm up on riley,  
Heard you niggas talking bout my way  
I fuck around and go hard  
It's soulja telling I go off

Nigga don't wanna try wild  
I pull up with a drive by  
5 guns at a bad winter,  
You see a nigga head still spinning  
Still shooting and still popping  
And body dropping it's homicide  
It's mac 11 that's all we living  
I ain't let shit slide  
Pussy nigga, you a fuck nigga  
And you know you a bitch  
Then that's why I never said your name on my songs  
yeah  
I'ma represent for the whole snake  
Niggas they suckers we taking on  
It's soulja soulja, it's also, also  
I swear to god, all the coast knows us, bitch!
