Bullets bout the size of boulders
Bout to rush and crush yo ass
Bitch it ain't no hesitation
Aimin at you one location
Contemplatin if I'm gonna
Make u live in several peices

A tech in my right
Got a trunk full of choppas
Do u still wanna fight
Got my partner soulja boy
And my nigga arab
And of course u konw I'm pimpin
One up and get slapped biiitch

[chorus]

And I think u gonna fuckin lose
Jumpin bumpin ready stumpin
And we finna bring da heat

So nigga shut yo mouth
