Yeah, I hit the club and my song
10 minutes later I'm ... bottles gone
And I'm doing what I want, doing what I want, doing
what I want

Me day soldier boys feeling invincible
Tell me why he ... be killing you
Me day soldier boys feeling invincible
Tell me why he ... be killing you

I'm tired of, I'm tired of sitting ...
... platinum
...Houston melody ...

Me ... in the house I'm sober trying to get down
In my zone I'm spacing up sending all the couch like I'm
mad...
So raise some bottles this way I can blame it on the
alcohol this time
Makes a liittle goof with a ... I lost my mind
Look behind me it's ... so ... and ... gonna take them
high and spin them up
